Sir:

In response to the Office Action of April 7, 2003, the period for reply to which is being extended to expire on August 7, 2003 by a Petition filed concurrently herewith, kindly amend the above-identified application as follows:

IN THE CLAIMS:

Kindly rewrite claims 5, 14, and 15 to read as follows (it being noted that an Attachment is appended to this Amendment to show how the rewritten claims differ from the previous version of these claims):

5. (Twice Amended) A communication station for receiving first data and second data transmitted from another communication station, the first data and the second data being transmitted at a first transmission power level and a second transmission power level, respectively, the communication station comprising:

- a receiver for receiving a signal including the first data and the second data;
- a processor for decoding the first data and the second data;
- a control information generator for generating transmission power control
